Local Landmarks Portray Changing Community

In order to tell the story of Granite Hills High School, a view of the surrounding community is necessary. El Cajon, a growing city of 65,000 people, is gaining recognition throughout the state and even the nation.

The most recent and important development in El Cajon is that of the Superblock. This remarkable reshaping of the central business district that has taken place since the El Cajon Redevelopment Agency met in 1970 for that purpose is phenomenal. The six story, 100,000 sq. ft. high rise will soon be complemented by a 10 story, 300,000 sq. ft. East County Administrative Center for county governmental purposes.

Many other structures mark the changes in El Cajon. The new Skateboard Park is very popular. The many different styles of housing developments are evidence of the changes that are necessary to house the many people migrating to this area. New shopping areas, churches and houses are being built. All of these landmarks contribute to the uniqueness of El Cajon.

1. El Cajon's Redevelopment Center, also known as the "Superblock", was landscaped in a beautiful park-like atmosphere.
2. A new and very popular recreational facility in El Cajon is the Skateboard Park. The Park seems to be a safer and more accessible alternative to empty swimming pools.
3. In order to house the residents of El Cajon, many builders find it desirable to use similiar designs, demonstrated by this development on Pepper Drive.
4. The community surrounding El Cajon is growing and developing. This new church in the process of being built in Alpine, is evidence that churches are expanding also.
5. The El Cajon Civic Center is El Cajon's first high rise building.
6. The Performing Arts Center chose this statue, Pegasus, created by John Hubble, to stand in front of the new cultural center.
7. Parkway Plaza draws many people to El Cajon to shop in the climate-controlled mall.
8. A well known sight from almost any point in the valley, is the castle-like home built by George Brown.

Colorful Activities Interest Students

Located in the eastern part of El Cajon Valley, Granite Hills High School is a very beautiful, open campus. The students and faculty at Granite Hills for many reasons believe that they are involved with the best school in the Grossmont District. Whether the reasons are clubs, sports, or academics, Granite Hills is definitely a superior school.

To begin the year, at the Grossmont Football Carnival, the Eagle football team and the fans put in a great performance to win the Spirit Trophy. All year long the Eagles put in superb performances winning and losing on occasion, but always with a tremendous amount of class.

Clubs make up an interesting diversion to the academic side of school. Whether the aim of the club is to help others or share something in common, they help the student to relax and enjoy school.

1. There is always something going on during Conference period.

2. Our ASB always comes up with something interesting to arouse spirit during pep assemblies. The Mighty Seniors won this Refrigerator Relay.

3. The Granite Hills Band has gained many awards in competition. Here they are participating in the Columbus Day Parade.

4. Granite Hills High School from a view not often seen by its students.

5. On Fridays the Granite Hills cheerleaders arouse spirit.

6. To spur our Championsip Football Team on in the second half, a banner is displayed illustrating one of Granite Hills' unique mottos.

7. When the Eagles are on the field, there is always a sea of blue waving in the stands.

Clubs And Hobbies Fascinate GHHS Students

What do high school students do to fill the hours when they are out of the classroom? After the homework and sports, what do they do? Almost everyone has some hobbie that they either pursue alone or perhaps share their experiences in a club.

The multitude of activities enjoyed by students involve many different characteristics. Some projects, like 4H for instance, demand a great amount of time, effort, and many personal sacrifices. Other hobbies, such as obedience training dogs, necessitate a good deal of patience. Backpackers must have a lot of self motivation.

Many students relax by either listening to music or playing an instrument. Riding a motorcycle could be another alternative. No matter what the hobbie, students are enriched in some way by each one.

1. Cathy Eberle and Donna Ruck get back to nature through backpacking.
2. Cody Smith enjoys riding his motorcycle around El Cajon.
3. When one of Brenda Colby's bikes needs fixing, she's always ready to go to work.
4. Richard Olea sketches and paints after school.
5. Larry Hertel uses music to occupy his time while out of school.
6. Training dogs is the activity Cindy Sangi enjoys. She has taught her dog, Sonia, many things.
7. Sweet Pea and Jenny are two of Denise Hampton's 4H projects. She also raises pigs and calves.

Students Enjoy Recreation In Sports

Southern California offers a high school student a wide variety of physical activities to explore. As a result, sports have become one of the most important facets to many teenagers' lives. Whether students are involved in a team sport, or competing individually, they are developing an important part of their future lifestyles.

The nearness of beautiful Mission Bay encourages many people to become involved in water sports and beach sports. There are different degrees of involvement; for instance, waterskiing can be a relaxing activity or it can be a pressure-filled tournament. Surfing can be a leisurely pastime or an incentive to get up at 5:00 A.M. Even the popular game over-the-line can be a competition between a group of friends, or between strangers in a large touramet.

Whether the sport is skiing down a powdery slope at Mammoth Mountain, or challenging the sky as a pilot of a single engine plane, there always exists that certain exhileration and exitement that is a result of streching endurance to the maximum and skill to the limit. From biking to horsebackriding, a student is enriched by the experiences.

1. The proximity of water encourages many students to water ski, including Tim McDougal.

2. Over the summer Marci Wagoner discovered that Canada was an excellent place to bike ride.

3. No, this is not a Granite Hills student, but it does represent the very popular sport of snowskiing.

4. Skateboarding on a sidewalk is not challenging enough for many people so some, like Scott Reber, use an empty swimming pool.

5. Exploring the ocean in Hawaii is the exciting activity Mike DeLucia enjoys participating in.

6. Chuck Houser has been flying for a year and a half and was responsible for the aerial pictures on pages 2 and 5.

7. After school, Brenda Popke exercises and takes care of her beautiful horse, Brawmly.

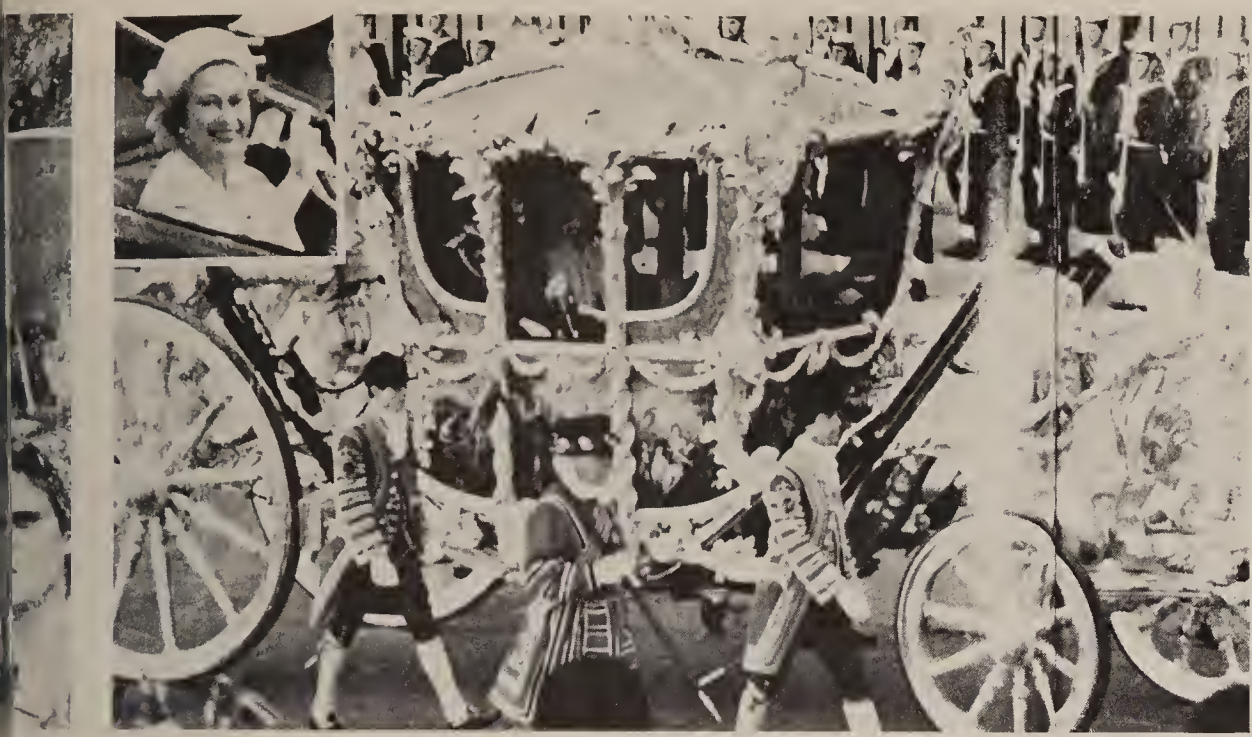
1. The move for peace in the Middle-East finally began. In December of 1977 President Sadat of Egypt flew to Jerusalem to meet Prime Minister Begin of Israel.
2. Elvis Presley's death created a frenzy of mourners all across the nation.
3. The Silver Jubilee drew many Americans to England to witness the celebration of Queen Elizabeth's 25 years' reign.
4. The bloody second life as "Son of Sam" finally came to an end after killing six young people.
5. Steve Cauthen, a 17 year old jockey, outrode everybody to a record $6 million season's winnings.
6. The most popular movie of this year was "Star Wars," a space fantasy with personality-filled robots.
7. Corruption in high places still occured during 1977. Bert Lance, Budget Director for Carter's Administration, resigned after congressional questioning about his financial matters.
8. Pele, once the highest paid athlete in the world, retired this year from professional soccer.



The 1977-1978 school year was full of many important events in politics, the entertainment field, and in the sports world, Incredible disasters occured effecting our lives remotely, but still showing their influence just as crime or even the weather showed their's.

On the political scene, probably the biggest move toward peace in the Middle-East was made when the president of Egypt, Anwar Sadat, visited Jerusalem and met with Israel's Prime Minister Begin. Meanwhile England's Queen Elizabeth II celebrated her 25 year monarchy, bringing many people to London to witness the pageantry. Anita Bryant fought against gay teachers and Bert Lance, the President's budget director, resigned because of his own questionable finances.

"Star Wars" became an everyday topic because it was a movie made for entertainment only. Many called it escapism, but almost everybody agreed that it sure was fun!

The world said goodbye to many beloved entertainers. Elvis Presley, Bing Crosby, Groucho Marx, and Charlie Chaplin all were mourned this year. Plane disasters took their toll, among those killed were many members of the popular rock group Lynard Skynard and the Evansville College's basketball team.

In the sports world there was another Triple Crown winner, Seattle Slew won the Kentucky Derby, Preakness and the Belmont Stakes. 17 year old jockey, Steve Cauthen, broke the record of total earnings by winning over $6million. Soccer star Pele retired from the game, disappointing many fans who enjoyed watching him play.

The weather picture was in some ways different and in some ways the same as the previous year. The East still had a bitter winter, but not as bad. California's drought was broken with weeks of steadly occuring storms which drenched the land. Damage from flooding became very commonplace.

From the mysterious "Son of Sam" murders to the spectacular artifacts of King Tut's tomb which were exhibited in the U.S., the year brought many changes that effected each person's world. The school year of 1977-1978 was one to remember.

JOBS & HANGOUTS

1. Jack-in-the-Box takes in many seniors like Glenn McCormack and Joe Morey.
2. Dick Wilkins ... at Marshall Scotty's.
3. Dave Buckles gets a kick out of Singing Hills.
4. Many Seniors find the grass a very relaxing place to spend a bit of free time.
5. Many students participate in extra-curriculer activities at Shadow Mountain.
6. "If things don't work out, you can always watch the movie."
7. Pizza is popular and delicious.

For a student, earning money is no easy task. Many employers are looking for skilled workers, so the typical 16 year-old usually does not qualify. The jobs available to the students are often found in fast food restaurants or recreation areas. The money made from these jobs generally pays for a students vital necessities like cars, school matters, or girls/boys.

After the schoolwork is finished and the football games have been played, the students begin to congregate in certain places around El Cajon. Many times it is to eat pizza, hamburgers, donuts, or ice cream. Sometimes the students seek relaxation at various amusement centers such as Pinball Palace or Skateboard Park. There are also the more romantic places such as the drive-in movies or the very renown Shadow Mountain. All of these places serve as hangouts for much of the Granite Hill's student body.

US AS INDIVIDUALS

The youth of today are searching for their own type of distinguishing element to their personality. Young people everywhere are striving to establish their own identities, searching for individuality while at the same time conforming to society's rigid norms. High School provides the perfect environment for this elusive endeavor. Nowhere is the range of individual interests and goals greater than this social and educational melting pot. High School is the time for both physical and mental growth and the delicate transition from childhood to adulthood. During these four formative years, students learn the limits of individuality and the importance of conformity in order to gain acceptance. However the process is slow and awkward with frequent lapses. While each student strives to perfect the current social slang and behavioral traits to gain peer recognition, each also has a set of unique personal, eccentricities in order to tell the world that he is indeed a unique individual.

This years' class at G.H.H.S. have provided countless subjects to demonstrate this point and these pages offer just a few of these individualistic eccentricities.

1. Mr. Bray has an interesting way of telling his students that he sees everything.
2. Studying in the library, Jim Nolan tries to widen his horizons.
3. Mohammad Abbaslou, one of our foreign exchange students, enjoys our California sunshine and green grass.
4. Mark Hedberg finds time to express his originality through art.
5l Brian Muse amuses himself after school at the pinball machine.
6. Mike Bertolino proves a fact that is widely known, some of us are born clowns.
7. Volunteering for the Spirit Week activities requires a certain amount of character, because one never knows what crazy things will happen.

PEACE AND SERENITY

As I sit here quietly
Everything is still
I wonder where my life has gone,
It seems so all uphill
I wish I could explain
why life just passes me by
I wish I was a bird of prey,
I'd spread my wings and fly . . .
I'd fly away surprise myself,
explore the life beyond . . .
I would take away the sun of life,
and sprinkle it all on . . .
The Things I've always wanted,
The Dreams, The Fantasies . . .
And they all add up just to one,
They call these memories . . .
Memories are times I've laughed,
and loved and cryed a little while,
But I always seem to be content,
with the warmth of a beautiful smile . . .
But most of all the thing I love,
Is the warmth and love from God above . . .
God knew we needed something more,
Than earth and sunlit sky.
And so he gave us friends to love,
And keep our spirits high . . .

Feelings of Words

Sitting here all alone,
Sometimes I ask myself- Is life really worth living?
The single conquest, is it worth the defeats?
The wasted words, are they worth the ones spoken?
The lonely feelings, do they ever leave?
Looking back, my life is filled with defeats, wasted words,
Lonely feelings; and a little bit of love,
Which makes up for it all.

The eagle
silent and beautiful
soared higher
and
higher
-until the shot rang out
The echo
still echoes in my mind
and the sight
I saw that day
appears in my dreams
night
after
night
and
I can only ask but one question
-why
Jewel

Golden and serene
Twinkling above mirrored shores
A rainbow beckons.

Connie Perry

Old rotten time
you seem to go much too fast
or much to slow.
For every tick forward
You take two ticks back
And yet you never seem to lack
The ability to speed up way too much
just when I want you to slow down.

When you're weary
Lean on me
I'll do my best
Not to let you down.
When you're lonely
Come to me,
I'll lift the burden from your soul.
When you're happy,
Remember me

For I could always erase your frown
When you're crying
Turn to me
And loving comfort
Will be yours.
I'll do my best
To dry your tears
For this is what
Good friends are for.

Hard Work Brings About Success

The wedding scene in FIDDLER ON THE ROOF was a happy occassion for all.

CARNIVAL was one of this summers hit musicals.

The Granite Hills Acting Workshop has another excellent season ahead of them, with three great shows to look forward to. The first show of the season will be the hilarious comedy HARVEY. The second show will be an unusual, but moving drama THE NIGHT THOREAU SPENT IN JAIL. Then the 8th season will end with a fantastic musical CAMELOT.

This past summer the Granite Hills Acting Workshop again sponsored the summer workshop. In seven weeks two fine musicals were put together: ONCE UPON A MATTRESS and CARNIVAL.

Besides doing the shows, the club has many other activities which include the annual award show at the end of the season.

A dramatic scene from CARNIVAL.

This is the entire Granite Hills Acting Workshop. These fine people deserve much recognition for all the hard work they do all year long to produce the excellent plays for which Granite Hills is very proud.

The Pageant Staff Gets It Together

The 1977-78 Pageant staff can be best described as a hard-working group of people with a certain objective in mind: Produce a yearbook which best tells the story of the ups and downs, goods and bads of a student's year in high school. With the mere determination of our student editor, Kyle McDougal, every member tries their best to help her reach the goals set by the staff. This year's goal is to get people, lots of different people, actively doing what they do best. That's the key word, ACTION. Our photographers are trying their best to show this "action" through their pictures, and trying to avoid the common "say cheese, look at the camera and smile". Another task of the staff is to provide not only pictures, but memories. This yearbook's main purpose is to remind students and teachers of their past school days. With the constant help of faculty advisor, Mr. Beharka, these goals will no doubt be met. So, we hope you find that this yearbook completely gives you a remembrance of the past school year.

This years' Varsity Football Team has achieved the near impossible. They have compiled a perfect 8-0 League record and have brought to Granite Hills the prestige of winning the Triple Crown, an Honor given to a Team which has won the League title three years in a row. While doing so the team has helped build the winning streak to 23 straight League games and 26 over-all wins.

This years' team is headed again by Coach Dwight Morris, a legend himself. Coaching here for four years now, Coach Morris has compiled an impressive 34-8 record. His Career record is even more impressive as it is 54-18-1. Coach Morris is outstanding on the Football field and in the classroom.

Coach Morris feels that there are no one or two standouts on the team, he feels that all the Seniors are the leaders. This years' team has a group of dedicated Senior's which help build a strong nucleus around which the team revolves. "They have proven to be unselfish, dedicated, very coachable, and champions all the way."

Coach Morris is also backed up by a very fine Coaching staff. One which has been vital in every game. With an ability to adjust during the game, these men have helped pave the way to victory.

The Mighty Eagles went into C.I.F. action with a clean 8-0 record. In first round action they demolished Santana 41-6 to advance to the Quarterfinals. There they met defeat as they lost to a very tough Lincoln High. Even though their hopes for a C.I.F. Championship were gone the Eagles have nothing to be ashamed of for they played their hearts out all year long.

The 1977 Girls Swim Team has done an outstanding job. Varsity anticipates a third place finish with a record of 7 wins and 2 losses. There are 18 Varsity and 20 J. V., and 10 "C" swimmers. The 7 returning seniors continue to better their times throughout the season. Our J. V. moved closer to Varsity times and all "C" swimmers broke into Junior Varsity.

Our versatile diving team comprised of outstanding seniors, Tammy Abell, Laurie Jacobson, and Laura DePhilippis added to the success of the Varsity Team.

Junior Varsity had a good season finishing with a 6-3 record which entitled them to 4th place in the league.

We, the 1977-78 Swimmers, would like to take this time to give our thanks and appreciation to our new coach, Karen Murray. It's undecided whether or not she is going to stay with us because of malfunctions in the system. Hey Coach, remember "Get off the wall" and those "cold" morning workouts? They will be treasured in our hearts forever and we hope with you too. Thanks again, Your Loving Swimmers.

DEFENDING LEAGUE CHAMPIONS

The '78 edition of the "Eagle" team shows the character and team make-up necessary to defend its league crown. Coached by Ed Arrieta and Bryan Toth, this years team features skill, ability, speed, aggressivness, and desire to win! The team is forunate to pride itself on bench strength,-everyone contributes.

One of the problems that Grossmont League teams will have with the "Eagle strikers" is that they are not limited to a particular style of play. Granite Hills can control the ball with a passing game, run the breakaway or score from aggressive inside play. The "Eagles" must survive the endless winter rains and out-play pre-season rated and top league seed Valhalla to repeat last years memorable season.

1. Richard Valenzuela, a Junior and three year Varsity letterman, takes control of the offense.
2. GRANITE HILLS SOCCER: (Bottom Row L to R) A. Brickey, M. Aguilar, G. Meza, J. Jacob, M. Delucia, S. Polcyn, K. Necochea. TOP ROW: A. McCalmont, G. Kennedy, P. Flores, T. Haymes, E. Swanson, R. Elston, W. Moore, K. Hambright, P. Vlahos, M. Jones, K. Paine, J. Neal, R. Valenzuela.
3. Seniors Kent Paine and Jim Jacob head for the goal.
4. Stand out Keven Hambright takes a shot on goal.
5. Though only on Varsity Soccer for the first year, Kent Paine has done a super job this year.
6. Jim Jacob takes control of the ball.
7. Junior Mike Smith gets ready to stop a shot.

Our Wrestling season has been one of great highs and dissapointing almosts. We've had some excellent superstars in: Jeff Hines, Max Parker, Mark Brenier, Brian Caster, and Dave Merten. These Athletes exhibited the highest levels of sportsmanship and team pride. We're still very young and looking to have an even better season next year. Our team has the reputation of being one of the most aggressive around. This respect is later transformed into points on the mat. We're becoming more mature and exciting with each match.

This year' Softball season was one of good times and bad. The Varsity team started off strong with a record of 4-2, giving them a third place position in League along with the rain though, came defeat. With many games cancelled and no time to practice, the team became familiar with losing and lack of enthusiam. None the less the Eagles bounced backed and finished the season in fifth place, one place short of going to C.I.F.

The Junior Varsity had the same problem but their lack of enthusiasim hit them at the beginning of league play. They came back to make a strong finished in league, finishing second. With only three seniors leaving this year's Varsity team, the Eagles should have a very good team next year and in the future.

Is The Three Musketeers that interesting?

"And I've still got five more classes to go!"

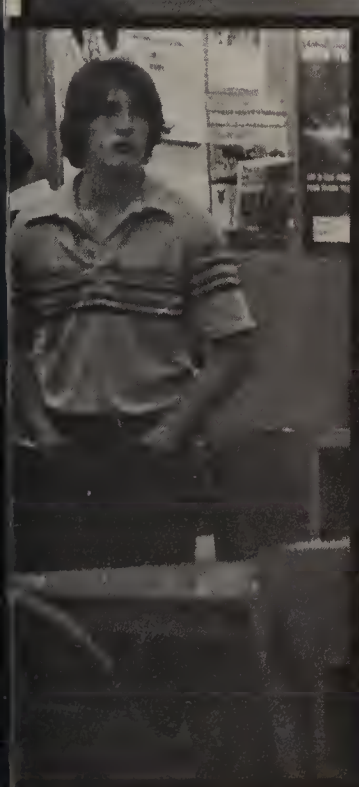
Strictly Underclassmen

1- During "Spirit Week" students participated in different activities. Standing on ice was one of them.
2- Mark Rauchs' "Hot Seat."
3- Our Library installed this year, a Dectection System to cutdown on "lost" books.
4- The "Class of 74" gave our school a fiberglass eagle and had it mounted in front of the Administration Building. Over the Lincolns' Birthday holiday, someone senselessly destroyed it.

6

5- Also sponsored during "Spirit Week" was a fin race.
6- Poor over-worked Mr. Vega.
7- Carrie White has Tammy Hunt at the end of her rope.
8- Jana Hampton looks like she really enjoys playing with "Play Doh."

10



9- Some people had lockers that look like Oscar Madisons' bedroom.
10- Bill Wiedemann seems to have found an interesting article.
11- A typical hot lunch: a burrito, salad, apple chrisp, and a chocolate malt, and its only .55¢.
12- The 1977-78 Junior Class officers: Secretary Yolanda Saunders, V. President Martha Van Orshoven, President Terri Estevane, Treasurer Terri Thomas.

Don't forget the good times and the fun, the places we've been, and will be. Cardiff, beach, Bleachers, Foot Ball games. Square fun. Take it easy. Big Touchdown!
Janet

To all my friends,
Thanks for 4 great years. I will never forget the good times I've had. To Marla and Laurie, Some day your prince will come, but sometimes you have to put up with the toads.
Luck forever (Ralph)
Lori

Note from the editor:

When I accepted the job of Editor, I didn't know quite what to expect in the coming year. My goal was to try and improve last years annual, which turned out to be quite a challenge.

The returning members of the staff helped to pass their knowledge on to the inexperienced students, who learned very quickly. Without their help this book could not have been produced. There were times when it all seemed like a bad dream, but we managed to solve the problems.

The outstanding leadership of our advisor, Dr. Beharka, enabled all of us to continue and not throw in the towel when things looked grim. He put in many extra hours trying to pull things together. I hope next year will be a little easier on the nerves.

Many memories will stay with me throughout my life, anguished cries for more pictures, Square Pan, working out of room 67-A, (not 67), and trying to get things done before sundown, are just a few of them. This year has taught me many things and I thank all of you for giving me this opportunity.
